Viavi Driver Collection

Version 3.0.0

This Viavi driver collection supports these device families:

 * SmartClassFiber (OLx-8y)

 * SmartClass   (OLx-5y)

 * SmartPocket   (OLx-3y)

 * etc.

To install the drivers, please double-click on the file

ViaviDriverCollection_V3_0.msi

Now the Viavi device can be connected via USB cable to the PC.

Note:

To remove any files associated with the Viavi Driver collection

installation procedure (ca. 12 MB), double-click again on the file

ViaviDriverCollection_V3_0.msi

and follow the instructions for removing the installation files.

Even then Microsoft Windows will keep the driver's functionality.
